7. SELLER FAQ

Use an accordion format so the page remains concise. These questions are designed to address the key doubts a sales representative would normally handle before payment.

Q. Why should I pay ₹999 when other B2B platforms offer free registration?

A. The ₹999 is not simply a registration charge. The plan combines an Export-Import Course, 50 Buyer Credits, Logo + Letterhead + Website access and 1-year GlobPulse Free Plan access.

Q. How will GlobPulse help me find buyers?

A. GlobPulse provides a B2B platform where sellers can build their business presence and explore buyer and business opportunities. The platform video and screenshots should show the actual seller and buyer journey.

Q. Will I get guaranteed buyers or export orders?

A. No guaranteed orders should be promised. GlobPulse provides access to business opportunities and buyer-seller connections. Actual enquiries and orders depend on factors such as product demand, pricing, business profile and buyer requirements.

Q. What exactly are the 50 Buyer Credits?

A. [Product team confirmation required.] Clearly explain what one credit allows the seller to access or do, whether credits expire, and whether additional credits can be purchased, if applicable.

Q. I have never exported before. Can I join?

A. Yes. The package includes a recorded Export-Import Course through the LMS to help you understand the fundamentals of international trade.

Q. I already have a website and logo. Is the plan still useful for me?

A. Yes. The package also includes 50 Buyer Credits, the Export-Import Course and 1-year GlobPulse Free Plan access. The logo, letterhead and website are additional benefits.

Q. What happens immediately after I pay ₹999?

A. Payment → Registration/Verification → Plan Activation → Access to Included Benefits. The exact activation process and timeline should be stated clearly.

Q. How long do I get access to each benefit?

A. Website: 1 month. GlobPulse Free Plan: 1 year. Export-Import Course: as per LMS terms. Buyer Credits: as per package terms.

Q. Are there any additional charges?

A. [Commercial confirmation required.] State clearly whether any renewal, upgrade or additional service charges apply.

Q. Is the payment secure?

A. Payment will be processed through the integrated Razorpay payment gateway.
